## Get Personal with Your Healthcare

**Wickenburg, Arizona** - Get to know who's providing your healthcare and join us in welcoming Clinica Adelante's new additions to the Wickenburg Family Care Center. Clinica Adelante has been in Wickenburg for over 12 years providing quality healthcare to the growing community. Our goal is to ensure that every community member has access to quality healthcare. Come see us and meet the doctors, medical assistants, office staff and management that make it all happen.

Join us on **November 13<sup>th</sup> from 5pm to 6pm (refreshments will be served)** at the Wickenburg Family Care Center located at 466 W. Wickenburg Way, Wickenburg, AZ 85390. Billie Cote, RN is the new office manager, Dr. Jeff Alvarez is a family physician, and Dr. Ibrahim El-Ali, an Internist, is our newest medical provider. In addition, our front and back office staff are pleased to provide comprehensive primary care services for you and your family. Billie Cote, RN has been with WFCC for over three years most recently serving as manager for the site, and has worked for the company on and off since 1996. Billie stated, "It's great to work for a company that focuses so highly on patient advocacy, and provides services to everyone regardless of their economic class". Dr. Jeff Alvarez has been caring for families at WFCC for over two years and Dr. El-Ali joined the practice this year.

For additional information on Wickenburg Family Care Center's welcome event, contact Billie Cote, RN, Office Manager.

Clinica Adelante, Inc. is a 501(c)(3) non-profit, Federally Qualified Health Center formed in 1979 and incorporated in 1980 through a collaboration of community agencies who organized Surprise and El Mirage, Arizona residents to lobby for improved health services in the then-rural area. In response to community needs, clinic staff expanded rapidly over the years, from a staff of 12 with 2.6 providers in 1982, to a current staff of 180 with 22 full time providers in 2007.

### Services

Clinica Adelante's family care centers offer a full range of primary and preventive "Health Care For Everyone" at all ages and stages of life. Our staff physicians and nurse practitioners provide:
